VICTOR EMANUEL DA SILVA MORAES

SOFTWARE ENGINEER | BACKEND DEVELOPMENT | AWS | AI-ASSISTED ENGINEERING

Paraná, Brazil | +55 (44) 92006-1196 | trabalhovictor531@gmail.com

LinkedIn: linkedin.com/in/victor-moraes4 | GitHub: github.com/Vituinho | Portfolio: portfolio-vituinho.vercel.app

PROFESSIONAL SUMMARY

Software Engineer focused on backend development and business applications in logistics, payments, and e-commerce. Experience building REST APIs, integrations, and workflow automations with TypeScript/Node.js, Python/FastAPI, Laravel/PHP, and PostgreSQL, alongside AWS (S3, SES, IAM). Practical use of generative AI tools, including Claude, Claude Code, and OpenAI Codex, to support technical analysis, implementation, debugging, testing, and code review, with independent validation of changes.

PROFESSIONAL EXPERIENCE

Givova Transportes | Software Engineer | Aug 2026 - Present

- Develop REST APIs, business logic, and integrations for logistics, payments, and e-commerce systems using TypeScript/Node.js, Python/FastAPI, Laravel/PHP, and PostgreSQL.
- Implement authentication, authorization, webhooks, payment checkout, and order management workflows for internal business applications.
- Automate XML document workflows and Google Sheets integrations; use AWS S3, SES, and IAM, version control, tests, CI/CD, and deployment processes.
- Apply Claude Code and OpenAI Codex to technical planning, code analysis, debugging, and test support, reviewing and validating changes before integration.

GazinBank | Administrative Apprentice | Mar 2024 - Jan 2026

Supported financial operations, accounts payable, and document verification, gaining experience with business processes and administrative controls.

TECHNICAL SKILLS

Backend: TypeScript, JavaScript, Node.js, NestJS, Fastify, Python, FastAPI, PHP/Laravel, REST APIs, webhooks, Prisma.

Databases & Cloud: PostgreSQL, MySQL, Supabase, AWS (S3, SES, IAM); familiarity with CloudWatch and SNS.

DevOps & Applications: Git, GitHub Actions, CI/CD, Docker, Railway, Vercel, cPanel, Next.js, React, React Native/Expo.

AI-Assisted Development: Claude, Claude Code, OpenAI Codex, LLMs, technical prompting, AI-assisted debugging, testing, and code review.

SELECTED PROJECTS

Givova Pagamentos | Next.js, Laravel, PostgreSQL | **pagamentos.givovatransportes.com.br**
Corporate payments management system with authentication, access control, and administrative workflows.

GVV Paraná - E-commerce | Next.js, TypeScript, Prisma, PostgreSQL | **givovashopping.com.br**
E-commerce checkout, payment integration, order management, and business rules for online operations.

Givova Coleta | Python, FastAPI, PostgreSQL | **coleta.givovatransportes.com.br**
Barcode scanning and operational data integration with internal business systems.

Givova Transportes - Corporate Website | Responsive Web, SEO | **givovatransportes.com.br**
Responsive corporate website presenting transportation and logistics services and contact channels.

KeyForge | Node.js, Fastify, WebSocket, Prisma
Interactive typing platform featuring authentication, progression systems, and real-time multiplayer functionality.

CERTIFICATIONS & COURSES

Anthropic Academy: AI Capabilities and Limitations (Aug 2026; credential ID: n7y526j4hw3t).

React JS 19 and Next.js 15 Course

Complete Web Development - 20 Courses + 20 Projects

EDUCATION & LANGUAGES

Education: Colégio Cleoracy Aparecida Gil - High School (expected graduation: 2027).

English: Advanced (EF SET 65/100, C1, Jul 2026). Six-month academic exchange in Canada through the Ganhando o Mundo Program at Princess Margaret Secondary School, Penticton, British Columbia (Jan-Jun 2026).
